SUBJECT: Survey of Committees within Government

ILLEGIB

1. The Sub-Cabinet at the White House has launched Management Program, and has secured from CIA agreement

The objective of this Program as outlined is to establish Government-wide committee management and control machinery on a continuing basis, so that there is better coordination and the prevention of confusion and waste.

The degree of participation by CIA is naturally subject to appropriate over-riding security considerations.

Phase 2 of this Program - sending information concerning the Agency's participation in committees - is due fairly shortly.

2. Attached here are Sub-Cabinet instructions, and a sample form to be used in the preparation of information material.

3. The DECI has appointed me the Agency Management Officer for the purpose.

~~SECRET~~

Will you kindly prepare this information for me by 10 May so that the deadline can be met. Please note particularly these two points:

- a. The need to separate the three different kinds of committees, excluding GCR, and
 - b. Note, for my guidance, on each sheet whether or not you believe that knowledge of a given committee should be withheld.
4. The attached is all of the information I have on this matter, but through a White House contact I can arrange to answer questions which may arise.
